Funded by the  
Apprenticeship  
Levy

### Fully funded

These programmes are fully funded through the Apprenticeship Levy, offering all participants the chance to complete a funded leadership NPQ while simultaneously earning a valuable apprenticeship standard.

### Funding support

Best Practice Network will support your school to access funding for the Leaders Apprenticeships with NPQs.

If you are from an Apprenticeship Levy paying school, funding will be drawn down directly using your Apprenticeship Service Account.

If you are a non-Levy paying school, the Education Skills Funding Agency (ESFA) will fund 95% of the course fee through the 'co-investment' scheme.

### Delivery locations

Delivery venues are largely provided through our national network of teaching school hubs and multi-academy trust partners.

Participants applying from one of our partner areas will be allocated to that group for the Face-to-Face events\*.

In addition to partner groups, we also have a number of groups located according to the geography of the participants that register, helping minimise travel time.

\* Subject to group viability

### Off-the-job training

Off-the-job (OTJ) Training is an important part of all apprenticeship programmes. It is the time spent during working hours learning and applying new knowledge that is outside of the learner's normal day-to-day duties.

BPN Apprenticeship Performance Coaches and in-setting Apprenticeship Mentors will support learners in identifying opportunities for evidencing OTJT.

#### Examples of OTJ training include:

- Training events
- Inset days
- Coaching and mentoring
- Reflective learning
- Shadowing
- Networking and moderation events
- Project activity
- Research
- Interactive online learning
- Revision

# What are the benefits?

## Monthly coaching

Throughout the programme you will benefit from monthly coaching sessions and have an experienced tutor to guide you throughout the programme.

## Apprenticeship Levy funded

These programmes make use of the Apprenticeship Levy, giving participants the opportunity to gain a funded NPQ and a Level 3 or Level 5 apprenticeship.

## Cross-sector experience

Candidates access cutting-edge theory, resources and delivery from thought leaders and leading practitioners from all sectors of the economy.

## Practice based learning

Candidates undertake school-based activities and are assessed on how they apply learning in their day-to-day role, helping develop and refine organisational management and leadership skills.

## A wider view of leadership

Candidates apply cross-sector management and leadership practice to their school context providing a broader perspective on organisational improvement.

## Access to extra content

Candidates have access to extra high-quality content to help them throughout their studies.

# Face-to-Face Events

The Face-to-Face events are a popular and crucial part of the learner's engagement.

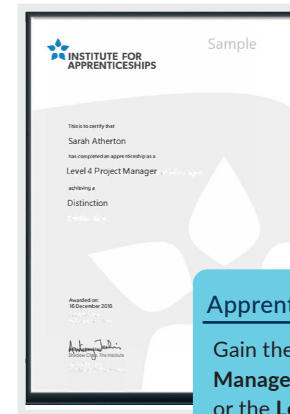

Participants train alongside a diverse group of fellow educators with lots of different perspectives. It's a great opportunity to learn from each other's experiences and be able to bounce ideas off each other during group sessions and collaborative practical tasks.

# One Programme, Two Certificates

The Leader Apprenticeships with NPQs give learners the opportunity to gain a National Professional Qualification alongside an apprenticeship. By combining these, we have created programmes which allow learners to gain two awards concurrently.

The Department for Education's flagship NPQs are professional development courses designed for teachers and leaders to enhance their skills, advance their careers and improve school outcomes. Meanwhile, the apprenticeship standards provide learners with comprehensive cross-sector knowledge in management and leadership practices.

### Apprenticeship Standard

Gain the Level 4 Project Manager Apprenticeship or the Level 5 Learning and Development Standard

### NPQ

Gain the NPQ for Leading Teaching, NPQ for Leading Teacher Development, NPQ for Leading Behaviour and Culture, NPQ for Senior Leadership, NPQ for SENCOs or NPQ for Headship
